EASES 2025: 6TH EUROPEAN ACADEMIC SYMPOSIUM ON EAF STEELMAKING

11 – 13 JUNE 2025 / LJUBLJANA, SLOVENIA

SCOPE AND TOPICS

The European Academic Symposium on EAF Steelmaking is focused on researchers and doctoral candidates in academia, research and technology organizations and companies with the topic of EAF steelmaking and technology. It gives the researchers and PhD students the opportunity to present and discuss about their research projects, helps to establish new connections with researchers in the field, and creates an environment for new ideas and collaborations between people working on similar topics.

Topics for presentations on the EAF process include:

- Efficiency and optimization
- Process control, digitalization and sensors
- CO₂ emission reduction and environmental impact
- Process modelling and simulation
- Scrap treatment and control
- Alternative/new charge materials (DRI, HBI, ...) and processes (smelter, plasma, electrolytic, ...)
- Slag and by-products engineering, processing and valorization
- Production of new steel grades

SUBMISSION OF CONTRIBUTIONS

Two options for the submission of contributions are available:

- Presentation only
- Presentation and full paper

All accepted full paper submissions will be published in WoS indexed conference series. Additional information will be available on EASES website.

To present at the symposium, an abstract submission is necessary. The abstract should be in English and have up to 2500 characters. For submission, please use the following link: <https://www.morressier.com/call-for-abstracts/EASES-2025>.

IMPORTANT DATES

- **Abstract submission deadline:** 17th January 2025
- **Full paper submission deadline:** 31st March 2025
- **Presentation submission deadline:** 30th April 2025

REGISTRATION

The registration for the symposium will open in **January 2025**. Further information will be available on EASES website in due time, with e-mail notifications for those who submitted the abstract.

TRAVELLING AND ACCOMMODATION

Information regarding travelling and accommodations in Ljubljana will be available on EASES website in due time.
